XPS

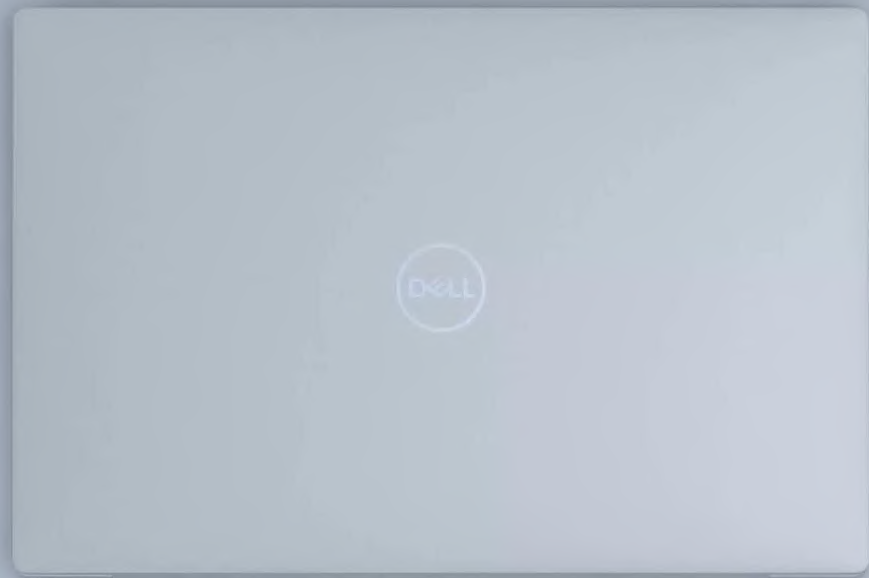

Innovation

Design

Customer Experience

Ultimate mobility in our thinnest and lightest 13-inch XPS laptop. True to its XPS roots, it includes a stunning display to bring your entertainment to life and is crafted with the only the best materials. Long battery life keeps you on the move.

XPS 13

Artfully Thin

Meet the XPS 13

What's new

- 12th Gen (ADL-U) processors (12W)
- New colors with matching interiors
- Smaller motherboard
- Louder speakers with deeper bass
- LPDDR5 memory
- Battery technology/Express Charge
- In-cell touch panels
- Camera redesign
- ExpressSign-In
- Low carbon aluminum
- New packaging

Artfully thin.
Amazingly light.
Built for mobility.

Our thinnest and lightest 13-inch XPS

- 0.55" (13.99mm) thin
- Starting at only 2.59 lbs (1.17kg)
- Smaller motherboard for larger battery
- Up to 12 hours battery life
- ExpressCharge

Sky

Umber

Stunning display. Louder sound.

Users can submerge themselves in a cinematic experience while viewing films, streaming videos, or listening to music.

- 4-sided 16:10 InfinityEdge display (93.9%STB)
- FHD+ and 4K+ resolution
- Stunning color (100% sRGB or 90% DCI-P3)
- Eyesafe[®]
- Louder sound and deeper bass

Everyday performance

Performance that is fast, smooth and responsive, so you can multitask with ease. The everyday laptop you need to get things done.

Elevating the essentials.

- Standard interiors with chiclet keyboard and precision touchpad
- Improved camera design
- ExpressSign-In

A dark, rectangular box, likely made of expanded polystyrene (XPS), is shown from a high-angle perspective. The box is closed and has the letters 'XPS' printed in a light color on its top surface. The lighting is soft, highlighting the box's edges and the texture of the material.

XPS

Nature-friendly packaging.

Crafted from sustainably sourced, renewable materials, along with paper documentation, increasing recyclability.

Simple top opening for easier access into the box.

Accessories are neatly organized beneath the system for a smooth unboxing experience.

Accessories

AT THE DESK

Dell UltraSharp 27 USB-C HUB Monitor - U2722DE

See more and do more with a 27" QHD monitor that expands your workspace and gives you a better view of all of your important tasks.

Dell Premier Multi-Device Wireless Keyboard and Mouse (KM7321W)

Multi-task seamlessly across 3 devices with this premium full-size keyboard and sculpted mouse combo with programmable shortcuts and 36 months battery life.

Premier Wireless ANC Headset - WL7022

Collaborate with ease anywhere with this Teams certified wireless headset which offers active noise cancellation and smart sensors that automatically mute and unmute your call.

Dell Thunderbolt 4 Dock - WD22TB4

Boost your PC's power with the world's first modular Thunderbolt 4 dock*** with a future-ready design.

ON THE GO

Dell USB-C Mobile Adapter - DA310

Small and portable 7-in-1 USB-C mobile adapter provides superb video and data connectivity and supports up to 90W power pass-through.

Dell Mobile Adapter Speakerphone - MH3021P

World's first multipoint adapter with integrated speakerphone offers an all-in-one connectivity and conferencing solution.**

Dell Premier Rechargeable Wireless Mouse (MS7421W)

Longest lasting rechargeable mouse with a battery life of up to 6 months on a full charge*.

*Based on Dell analysis of battery life usage model calculations assuming non-continuous use during an 8-hour workday, Dec. 2020. Results vary depending on use, operating conditions and other factors.

**Based on Dell analysis, March 2020.

***Based on Dell analysis, November 2021.

How we win

The Dell XPS 13 wins over the MacBook Air:

- Smaller, lighter, and thinner
- Higher resolution panel options
- Available touch screen

NEW! XPS 13

Artfully thin and light

- Thin and light design that won't weigh you down and fits almost anywhere. Our thinnest and lightest 13-inch laptop.
- Long battery life that keeps you going in the moments you need it most. When you are working in a shared space, when you are in the airport and the last charging station is taken. Charges quickly when you need it.
- Heighten your senses and make every moment real with stunning displays with high resolution, brightness, color gamut and clarity, paired with deeper bass and louder sound.
- ExpressSign-In paired with Windows Hello provides a faster, seamless login experience. Log on quickly and securely when you step in front of your laptop.
- Small, sleek and durable construction with machined aluminum. Minimalist and pure design with tinted aluminum in a choice of two soft, neutral colors inspired by nature – sky and umber.
- Products and packaging designed to be kinder to the environment. Using low carbon aluminum greatly reduces the carbon footprint and all-new packaging is made from 100% recycled or renewable content.
